INFORMATION FOR CATEGORY 1 CME CREDIT

Lack of Shared Decision Making in Cancer Screening Discussions Results from a National Survey

Richard M. Hoffman, MD, MPH, Joann G. Elmore, MD, MPH, Kathleen M. Fairfield, MD, DrPH,
Bethany S. Gerstein, BA, Carrie A. Levin, PhD, Michael P. Pignone, MD, MPH
(see page 251)

This article has been chosen to participate in the AJPM CME program. Please read and follow the instructions below:

Educational objectives

After reading this article, the learner should be able to:

1. Identify key elements of a shared decision making process.
2. Recognize cancer-screening decisions that are appropriate for shared decision making.
3. Consider how to use decision aids to overcome some of the challenges of implementing shared decision making.

Disclosures

In accordance with the disclosure policy of the American Journal of Preventive Medicine (AJPM) and the American College of Preventive Medicine (ACPM), as well as the standards set forth by the Accreditation Council of Continuing Medical Education (ACCME), authors and any individuals in a position to control the content of a CME activity are required to disclose relevant financial relationships with commercial interests (within the past 12 months). Disclosures of this activity's authors have been reviewed and all identified conflicts of interest, if applicable, have been resolved.

The Informed Medical Decisions Foundation provided funding for survey development, data collection, and statistical analysis. Dr. Hoffman is supported by the Department of Veterans Affairs. Drs. Hoffman, Elmore, Fairfield, and Pignone receive partial salary support from the non-profit Informed Medical Decisions Foundation to serve as medical editors of decision aids. No other financial disclosures or competing interests were reported by the authors, editors, ACPM CME council members, or peer reviewers of this paper.

Accreditation statement

This activity has been planned and implemented in accordance with the Essential Areas and policies of the ACCME. ACPM is accredited by the ACCME to provide continuing medical education for physicians. ACPM designates this Journal-based CME activity for a maximum of 1.0 Category 1 credits toward the *American Medical Association (AMA) Physician's Recognition Award (PRA)*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Term of approval

September 2, 2014–September 2, 2015

Estimated time to complete this activity is 1 hour.

Instructions to receive CME credit

Once you have read the CME article, please visit: www.ajpmonline.org to complete the CME post-test exam (with a score of at least 70%) and the CME evaluation survey. Your CME certificate will be sent to you via email.

Privacy policy

ACPM collects personal information from participants in this online activity for purposes of assigning CME credit only. We will not share or sell your contact information, and your answers to quizzes and feedback forms will be kept confidential.
