INFORMATION FOR CATEGORY 1 CME CREDIT

Life Years Gained From Smoking-Cessation Counseling After Myocardial Infarction

Emily M. Bucholz, MD, PhD, MPH, Adam L. Beckman, BS, Catarina I. Kiefe, MD, PhD, Harlan M. Krumholz, MD, SM
(see page 38)

This article has been chosen to participate in the AJPM CME program. Please read and follow the instructions below:

Educational objectives

After reading this article, the learner should be able to:

1. Describe the short and long-term mortality benefits of smoking cessation counseling in smokers with acute myocardial infarction.
2. Articulate average gains in life expectancy attributable to smoking cessation counseling and differences by age.
3. Describe physiologic mechanisms by which smoking cessation may improve survival after myocardial infarction.

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME). ACPM is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation

ACPM designates this educational activity for a maximum of 1 *Category 1 credit toward the American Medical Association (AMA) Physician's Recognition Award (PRA)*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosures

In accordance with the disclosure policy of the American College of Preventive Medicine (ACPM) and the American Journal of Preventive Medicine (AJPM), as well as the standards set forth by the Accreditation Council of Continuing Medical Education

(ACCME), authors and any individuals in a position to control the content of a CME activity are required to disclose relevant financial relationships in any amount with commercial interests (within the past 12 months).

The following authors have disclosed financial relationships:

Harlan M. Krumholz is a recipient of research grants from Medtronic and Johnson & Johnson through Yale University for the purpose of disseminating clinical trials, and chairs the Cardiac Scientific Advisory Board for UnitedHealth.

Term of approval

January 2, 2017–January 2, 2018

Estimated time to complete this activity is 1 hour.

Instructions to receive CME credit

Once you have read the CME article, please visit www.ajpmonline.org/cme to complete the CME exam (with a score of at least 70%) and the CME evaluation survey. You will be able to download your CME certificate and will also receive an email with a link to your certificate.

Privacy policy

ACPM collects personal information from participants in this online activity for purposes of assigning CME credit only. We will not share or sell your contact information, and your answers to quizzes and feedback forms will be kept confidential.
